

# I want you

The way you walk the way you talk, babe the way you smile  
The confidence in your walk I really love your stile  
The way you move your hips the way you move your lips  
When you say my name babe you drive me insane

And when you look into my eyes, se through my mask se through my disguise  
And babe when you dance for me, there's no place I'd rather be  
And your touch up on my skin, you stir a fire with in  
I want to dance you through the night, dance you through the day  
Dance until you're on fire to.

Babe I want you...

You are so fine the way you shine you brighten up the place,  
Your white skin goes superb with your beautiful face,  
The way that you think the way that you dream  
There's nothing that you do that I don't like it seams.

And when you se through my disguise, can hold no secrets I can tell no lies  
And babe when you move for me, there nowhere in the world I'd rather be  
And your touch up on my mind, babe for you ill shine  
As we go dancing through the night, dancing through the day  
Dance until the whole place shining to

Babe I want you...

Primal is my urge for you, But its sophisticated to  
Instinctive is my dance, also of tender romance  
Passion running through your vein, Time to break those intellectual chains  
As we go dancing through the night, dancing through the day  
Dance until my chains are broken to

Babe I want you...
